

Dear FCC;

I am writing in effort to preserve radio stations such as K-LOVE from being overwritten by LPFM stations.

My family listens to K-LOVE everyday; we hear it in friends' homes as well. K-LOVE includes songs and commentary which help to provide a peaceful and uplifting background to our day.

The station promotes moral and civic responsibility, servanthood and brotherly love. The positive influence on the local community is obvious.

Please do not allow stations such as K-LOVE to be forced off the air in my community.

Thank you for your time and consideration.

Sincerely,

Kristen M. Anderson
